WELCOME

We’re honored you’re here!

Thank you for considering us to document such an important day. We know how personal this decision is, and we're honored to be among the artists you're considering.

As a queer couple, marriage holds a special place in our hearts. There was a time when neither of us imagined we'd be able to marry the person we love. Now, we have the privilege of celebrating the joy of marriage with others through our art.

We approach every wedding with curiosity, intention, and an eye for the unexpected. We're drawn to thoughtful details, unique personalities, and the unscripted moments that build human connection. Our goal is to create photographs and films that are as distinctive as the people in them, the kind of images that bring you back to the moment 20, 30, 40 years from now.

Getting to know our couples is one of our favorite parts of this work, and we can't wait to meet you.

Happy planning! We're glad our paths have crossed.

Big love,
Beeh & Mars

P.S.

WE REALLY MEAN *WELCOME*

When we say welcome, we really mean it. We wish we lived in a better world where we didn't have to say this, but we are excited to work with you, no matter your age, race, religion, gender, sexual orientation, or body type.

We take the craft of preserving memories seriously - we have studied and documented traditional and reform Jewish weddings, Vietnamese tea ceremonies, handfastings, Catholic and Methodist church ceremonies, backyard DIY ceremonies with tequila shots, and more. We are always open to learning more, and we truly welcome diversity in our couples.

No matter who you are, we welcome you in front of our lens.

PHOTO

$1700

Our microwedding package includes four to six consecutive hours of artful, documentary-style photography with two photographers bringing distinct perspectives and a shared creative vision. From candid moments and meaningful traditions to thoughtful details and beautiful portraits, we capture the atmosphere and emotion of your celebration with gentle direction when needed. You'll also receive a complimentary engagement session, pre-wedding consultation and timeline guidance, sneak peeks within one week, and fully edited, high-resolution digital galleries delivered through Pic-Time, ready to download, share, and print.

ENGAGEMENT

Our wedding photography and photo + film collections include a complimentary engagement session with a fully edited digital gallery. We consider these sessions an essential part of our creative process and an opportunity to make something meaningful together before the wedding.

No two relationships look alike, so why should their photographs? We'll get to know your personalities, interests, and the places that matter to you, then dream up a session that reflects them. Maybe that means wandering the stacks of your favorite library, spending an afternoon with your horses, or making art in the home you've built together. The possibilities are as varied as the people we photograph.

More importantly, this is where our relationship begins. Creating something together gives us a chance to connect, collaborate, and develop a shared understanding of what matters to you. By the time your wedding arrives, we'll have already worked together to tell one chapter of your story, giving us a deeper perspective on the next.

The result is a collection of photographs that could only be yours, and a creative partnership that carries into your wedding day.

VIDEO

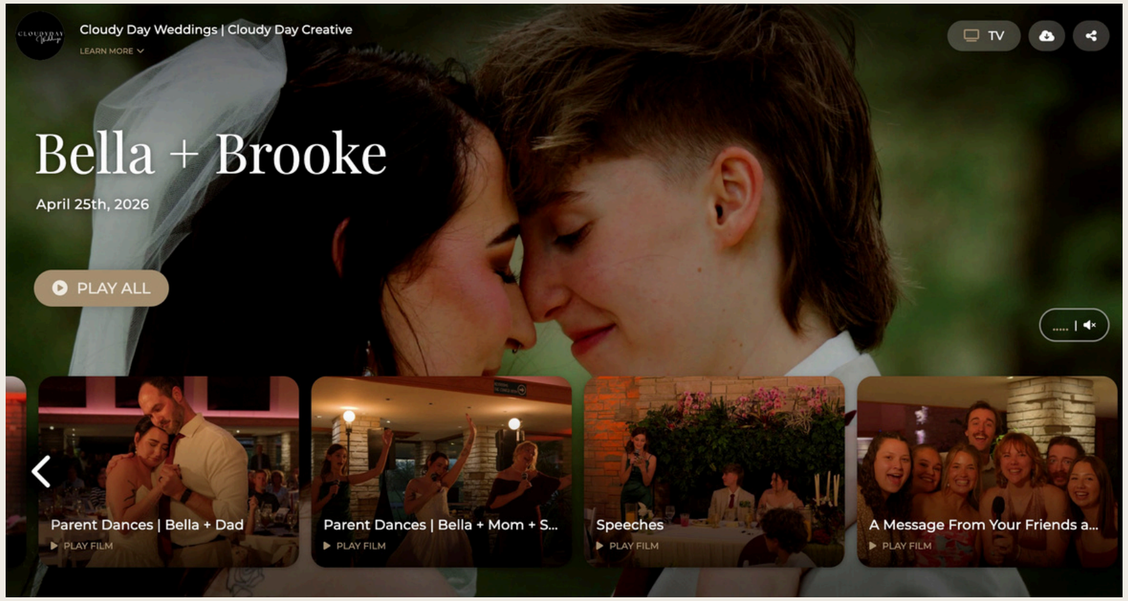

$1800

Our microwedding videography package includes 4–6 hours of artful, documentary-style filmmaking with two filmmakers bringing distinct perspectives and a shared creative vision. Through multiple camera angles, professional audio, and intentional storytelling, we preserve the emotion, atmosphere, and meaningful details of your celebration. You'll receive a curated VidFlow gallery featuring a mini-documentary, cinematic highlight reel, full ceremony film, and individual films of key moments like vows, speeches, and dances when included in your timeline. Pre-wedding consultation and timeline guidance are also included to help you make the most of your coverage.

VIDEO

Rather than creating just one video that summarizes your day, we create a video gallery. All videos are curated edits. Example galleries are shown below. If you'd like to see examples of our wedding videos, you can see those on our Youtube Channel. Out of respect for our couple's privacy, we don't share everything there, but you can get a great sense of our style.

Beeh and Mars were such a pleasure to work with, from the first time we met, all the way through our wedding day. We appreciate the quality of their photos, guidance, coordination and general personalities.

RACHEL + CHACE

You not only took interest in our vision but who our party and family were. Everyone was included and looked HOT!

LOVE NOTES

ALISON + NATE

In times when queer love can feel like rebellion, it meant everything to us to have our day and our love story captured by people who not only accepted us, but celebrated us. Our day was filled with so much more authenticity and joy because they were there, around every corner, spreading good vibes and capturing the important moments. Many of our guests commented on how friendly and present this team was. They didn't miss a beat or a detail, and seemed to genuinely care about keeping our schedule on track and keeping our guests feeling safe and happy. These are some of the kindest people I know, and they have the talent to match. You won't find a better team for your day. I'd choose them a million times over.

WEDDING GUEST OF CLAIRE + CHER

I had the pleasure of having this crew at one of my dear friends weddings and I cannot recommend them highly enough. Throught the day including the rehearsal they were nothing but the perfect balance of joyous fun and professionalism. I highly recommend them if you want photographers who are communicative, warm, relaxed, and who care about your special day. Thank you for our gorgeous pictures and your wonderful presence!

FAQ

How many images can I expect?

A: Microweddings vary greatly, so the number of images can vary greatly as well. When comparing vendors, we caution you that high numbers in a gallery is not a guarantee of quality, diverse images.

Rather than guaranteeing a specific number of images, we plan careful coverage around what's most important to you, and we deliver!

We encourage you to request full galleries as an alternative way to evaluate a photographer's quality of work.

FAQ

Can I view a full gallery?

A: Absolutely. We can discuss this during your consultation and share a gallery with you that is similar to your wedding. No two weddings are ever the same though!

FAQ

When will I receive my images and/or videos?

A: We understand you're excited to relive your special day. Your final images and/or videos will be delivered within 16 weeks after your wedding. That may sound like a long time, but we hand-edit every single image with the goal that each one is quality enough to print and hang in your home.

We try to exceed this timeline goal, but quality images are our number one priority.

Sneak peek photos ready to share online are typically delivered within one week!

FAQ

What sets you apart from other photographers and videographers?

A: We're a creative duo with two distinct perspectives and one shared artistic vision. We balance thoughtful documentation with creative experimentation, finding beauty in the smallest details and the biggest, loudest moments. We take our art seriously, but never ourselves, and we care just as much about getting to know you as we do about creating photographs and films that feel entirely yours.
